Sons of Italy Foundation to Aid Students

By ALBERT A. MAINO

The Order's Sons of Italy Foundation has taken its first step to implement its foreign exchange student program, it was announced by Supreme Venerable Joseph Gorrasi of Woburn, Mass., president of the Foundation.

Gorrasi reports that the Foundation has completed arrangements with The Institute of International Education and will give financial assistance totaling \$5,536 to four graduate students.

The Foundation will work with The Institute of International Education in the allotment of funds to further the education of the four individuals—one American student who will do graduate study in Italy and three Italian students who will come to this country for advanced study.

The Institute of International Education is a private, non-profit organization founded in 1919. It develops programs of educational exchange for students,

teachers, leaders and specialists between the United States and 80 other countries. IIE administers programs for the United States Government, foreign governments, foundations, universities, corporations, private organizations and individuals, and acts as a clearing house on all phases of international education.

Elaborating on this phase of the Foundation's work in the exchange student program, Gorrasi said:

The Order's Campaign

PR Committee Reports

By A. ALFRED MARCELLO

In the May 1961 issue of OSIA NEWS we presented a detailed report on the Order's long-standing campaign "to defend the good name of the Italian people."

This report was made for a number of reasons. Chief purpose, however, was:

chronicling our work through June of this year.

This will be our last opportunity before the Supreme Lodge Convention in August to report on the Order's campaign through the columns of OSIA NEWS.

Whatever is done, however, by the National Public Relations Committee between now and the time of the Supreme Convention will be presented orally to the delegates, thus giving them a complete picture of our work since the last Supreme Lodge convention held two years ago in Boston.

In this issue we are carrying a number of letters sent by the National Committee on Public Relations in recent weeks as part of the Order's campaign.

Of chief interest are letters to President Kennedy and Richard E. Berlin, president of the Hearst-Corp. Their replies are also published.

The letters speak for themselves, of course. But they show how carefully the Order has gone

The report covered a three-year period, starting in 1958 and ending March 31 of this year. With this issue we are resuming our report to the membership. On page three of this edition we are carrying a record of the work of the Order's National Public Relations Committee beginning with April 1 where we left off in the May issue of this year. We are

Supreme Lodge Convention Opens August 17

Reports by nine of the Order's national committees and a report of progress of the Sons of Italy Foundation will highlight the 27th biennial Supreme Convention August 17-21 to be held at the Mayflower Hotel in Washington, D. C.

Supreme Venerable Joseph Gorrasi, Woburn, Mass., who will preside, will call for reports from the following committees: Public Relations, National Memorial Home, Marconi Award, Laws, National Insurance, Italian Culture, National Historical Society and Garibaldi-Meucci Memorial

Museum; Immigration and Naturalization, and OSIA NEWS.

Among the topics to be discussed and acted upon will be a proposal calling for the establishment of a national weekly newspaper for the Order.

Also submitting reports will be Supreme Venerable Gorrasi, Supreme Orator Joseph C. Palermo, Ambler, Pa.; Supreme Recording Secretary Joseph A. L. Errigo, Wilmington, Del., and Supreme Financial Secretary Americo A. DeMartinis, Philadelphia.

The invocation and commemoration of deceased members will

be given by the Rt. Rev. Msgr. Guido L. Pallotta, Revere, Mass., Supreme Chaplain.

In other convention activities, delegates will elect new officers for the 1961-63 term.

The social agenda will include the convention banquet, luncheons, a dance, a sightseeing tour, a fashion show for the women attending, a performance by the Air Force Symphony Orchestra, and a Mass at the Shrine of the Immaculate Conception, followed by a breakfast in the shrine's restaurant.

THE WINCHELL MATTER

Letter to Hearst Corporation

Dear Mr. Berlin:

You undoubtedly will recall that we had some correspondence in the past on a matter of vital interest to members of the Order Sons of Italy in America. We had hoped to resolve our problems through a meeting of Hearst executives and top officials of our organization.

In your Nov. 28, 1960 letter to me you stated that you planned to give my letter of Nov. 23, 1960 to Mr. Harold G. Kern, and that we would hear from him.

We did not press the matter further because subsequently there appeared to be a noticeable change in the tenor and treatment of certain material in the Hearst newspapers which for some time was distressing a vast segment of Americans of Italian origin.

We were heartened by this noticeable change in "climate" and we believed that it augured well for the future. Under the circumstances I suggested to the Supreme Council at a special meeting in Miami last February that perhaps there was no further need for a meeting between Hearst executives and representatives of the Sons of Italy.

In recent weeks, however, an incident created by Walter Winchell, the columnist, has disturbed many of our members.

In a column published in the New York Mirror April 8, 1961, Mr. Winchell made some pointed remarks which we believe have tarnished the political image of men and women of Italian origin.

Mr. Winchell in essence stated that President Kennedy had failed to appoint anyone of Italian origin to a position of importance in his administration because a number of persons suggested for appointment had been recommended by men linked with and we quote: "The Big M."

Now this is the sort of thing that prompted us to write to you some months ago. Mr. Winchell and others in the Hearst organization have been bandying the word "Mafia" about for several years without regard for established fact.

When we first wrote you we were prepared to show you or your representative proof of what we can justly term as callow journalism.

We have purposely refrained from making any comment concerning Mr. Winchell's remarks in his column of April 8, although a number of newspapers and other media have made much of this unfortunate incident. We thought it would be best for the air to clear before we made any representations to you. Some of our members have written to Mr. Winchell in the past few weeks. But they did so as individuals which is their right, of course.

Now that sufficient time has elapsed our national president, Atty. Joseph Gorrasi of Woburn, Mass., has asked that I make an official protest to you concerning Mr. Winchell's column. And this I am doing.

Also I have been instructed to convey to you our individual and collective appreciation for the excellent series of articles on prominent Americans of Italian origin which have been appearing in the New York Mirror. These are well done and we think it only fair that you and The Mirror be commended for the presentation of this material.

I hope that you will give this letter serious consideration and that you will be kind enough to reply at your earliest convenience. If there is any further information I can give you please do not hesitate to call on me.

With every best wish, I am

Respectfully yours,

A. Alfred Marcello, National Chairman

Pres. Richard E. Berlin's Letter

Dear Mr. Marcello:

I have your letter of June 8th. Certainly there are going to be incidents, such as you mention, regarding Mr. Winchell. I know that Mr. Winchell was spoken to and that he has been very laudatory in his column about Italians in America.

Our other papers have likewise tried to do everything to correct the injustice that you first called to our attention. I have had letters from many people, notably our good friend, Samuel DiFalco, Judge of the Surrogate Court here, as to the excellent manner in which the Hearst papers have been cooperating with the movement you represent.

I am taking the liberty of sending your letter to Mr. Charles McCabe, the Publisher of our Mirror newspaper. I assure you he feels exactly as do I, and all of our other Publishers and executives, as to the quality and outstanding Americanism of our Italian friends.

We want to do everything that is helpful.

Sincerely,

R. E. Berlin

Reply to Mr. Berlin's Letter

Dear Mr. Berlin:

Please accept our thanks for the prompt manner in which you answered our letter of June 8. It was most kind of you to interrupt your busy schedule to write to me. We are mindful of the fact that in a vast and complex operation as the Hearst organization you cannot please everyone. Someone is always getting hurt and as a newspaper editor of long experience I know there is no simple formula to resolve the vexing problems that confront the modern newspaper.

However, let me say that your letter of June 13 was most

White House Correspondence

The following is complete text of correspondence between the Order's National Committee on Public Relations and the White House in an incident stemming from certain remarks made by Walter Winchell in his syndicated column last April:

Order's Letter to President

Dear Mr. President:

I have had the honor and privilege of writing to you on a number of occasions while you were a member of the United States Senate. This we did in our capacity as National Public Relations Chairman for the Order Sons of Italy in America. And we are happy to say that in each instance you showed me and our organization every possible courtesy.

We are writing to you at this time because we feel there is an urgent need that you be made aware of a certain matter which is distressing thousands of members in the Order Sons of Italy in America. We are, of course, writing to you in my capacity as National Public Relations Chairman of our group and with the express approval of our Supreme Venerable, Atty. Joseph Gorrasi of Woburn, Mass.

And if you will allow me a personal indulgence what I will say here is also presented as "a friend of the Court."

You undoubtedly are aware that for some months now there has been considerable speculation over what has been characterized in the press and elsewhere, as the apparent failure of the present administration in Washington to appoint someone of Italian origin to a "high" Federal post. As you know some newspaper columnists have made a great deal of this.

Now we are not concerned by the diatribe of the columnists. As a long-time newspaper editor I have learned to discount so-called "inside" information being peddled these days by a number of writers.

But we are concerned and we believe rightly so, as to how this information is reacting among our members, particularly among key officials throughout the country.

Letters reaching this office from all parts of the United States are quite disturbing. They indicate that a sizable segment of our membership actually believes that the Kennedy administration has deliberately ignored the "Italian Community" in the matter of Federal governmental appointments.

The Order Sons of Italy in America since its inception some 55 years ago has always maintained a strict policy of neutrality in political matters. This we are bound to by our by-laws.

However, in matters where the image of men and women of Italian origin, political or otherwise, is involved we feel we have every right to speak out.

We believe that we have earned this right since we are the largest fraternal organization of its kind in the United States.

We believe, unwittingly or otherwise, the political image of our people has been tarnished by the persistent reports that the present administration in Washington is reluctant to appoint men and women of Italian origin to responsible government positions.

This is unfortunate, of course, but the fact remains that this belief is commonly held.

We would like to make one thing quite clear. Under no circumstances is this letter to be interpreted as criticism of you or your policies. The Supreme Council of the Order Sons of Italy in America is on record as pledging to you, as President of the United States, our "support, cooperation and assistance."

These sentiments were contained in a telegram

reassuring. I feel quite confident that no one in your organization would intentionally do anything to harm the image of the millions of American men and women of Italian origin. I sincerely believe that our correspondence has served a good purpose. I feel that we have a better understanding of problems of mutual interest and that these problems can be resolved to the satisfaction of all concerned.

We were pleased to note that you forwarded my letter of June 8 to Mr. Charles McCabe, the Publisher of the New York Mirror. This should help to create a better atmosphere in that quarter.

Should there be any need for it we certainly will not hesitate to write to you again because we know now that we will be extended every courtesy.

Meanwhile, my personal thanks and the thanks of my organization for your understanding of our problem.

Sincerely yours,

A. Alfred Marcello, National Chairman

which was dispatched to you at the conclusion of the plenary sessions of the Order's Supreme Council at Miami, Fla., last February.

On behalf of the Order Sons of Italy in America, we reaffirm our support and cooperation in any and all matters that will redound to the good of our entire citizenry, to the welfare of mankind, and to the achievement of peace throughout the world.

Again we say that what we have presented here has been done solely to bring certain facts to your attention for your earnest consideration.

My apologies for presuming on your valuable time.

With every best wish for your continued success and good health, I am

Respectfully yours,

Reply from Kennedy's Assistant

Dear Mr. Marcello:

The President has asked me to reply to your kind letter of recent date concerning the unrest which you have noted in some parts of the Italo-American community about the apparent failure of the administration to appoint Italoo-Americans to positions of trust in the government.

The President appreciates very much the spirit which prompted your letter. As you know, charges which have been circulated by some elements of the press with respect to the appointment of Italoo-Americans are without foundation. For instance, an American of Italian extraction is a special assistant to the President, another is the chairman of the Foreign Claims Settlement Commission, several are under active favorable consideration for high judicial posts, and many Italoo-Americans are serving with distinction at various levels of the federal government. I can certainly assure you as a matter of record and intent that this administration has no inhibitions whatever about appointing qualified Italoo-Americans or any other qualified citizen to positions of trust and responsibility.

I want to take this opportunity to thank you for your candid expression of views, and I certainly hope that you will feel free to be in touch with us.

Sincerely,

Ralph A. Dungan

Special Assistant to the President

Reply to White House Letter

Dear Mr. Dungan:

Thank you for your kindness in replying so promptly to my letter of June 12. We are, of course, pleased at the tenor of your letter. The sentiments expressed should help to reassure the members of our organization who have been most unhappy over the turn of events I described in my first letter to President Kennedy.

Atty. Joseph Gorrasi, Woburn, Mass., Supreme Venerable of the Order Sons of Italy in America, has seen a copy of your letter. Mr. Gorrasi has asked me to convey his thanks and the thanks of our organization for your courteous manner in which you have handled this matter.

With every best wish, I am

Sincerely yours,

A. Alfred Marcello, National Chairman

Congressman Conte's Letter

JULY 10, 1961—The following letter from Congressman Silvio O. Conte of Massachusetts was received by the Order's National Committee on Public Relations:

Dear Mr. Marcello:

"Thank you for the July issue of OSIA NEWS. The enthusiasm and backing for your campaign is most gratifying to all of us. It was thoughtful of you to include my words of praise for the fine job you are doing in your July edition."

The following letter was received from Lido J. Peduzzi, president of the Great Southwest Investment Co., Inc., of Phoenix, Arizona:

July 11, 1961

Dear Mr. Marcello:

I have been following the good work that the Sons of Italy have been doing and feel that you are on the right foot. In my experience with clubs for Italian Americans, it seems to me that the only way that one can be successful is for affiliation with a National organization such as yours.

I wish that you would send me whatever information you have about the Sons of Italy and also whatever you would require for us to have a Phoenix chapter.

If we can consummate an arrangement so that we may start a local chapter I would be glad to make this a personal project.

Will you please forward this letter to the proper authorities.

Thank you for your efforts.

(Editor's Note: A copy of Mr. Peduzzi's letter has been sent to Supreme Venerable Gorraso. Also the National Chairman of the Order's Committee on Public Relations has replied to Mr. Peduzzi thanking him for his interest in the Order's work.)

Dungan, Special Assistant to President Kennedy, in which Marcello expresses the thanks of the Order "for the courteous manner in which you have handled this matter." The sentiments expressed in the Dungan letter Marcello said "should help to reassure members of our organization who have been unhappy over the turn of events" described in the letter to President Kennedy.

PR COMMITTEE REPORT

Continued From Page One

about the business of "defending the good name of Italian people."

They showed, too, in the words of Supreme Venerable Gorraso that:

1. The Order Sons of Italy in America refuses to "be stampeded" into irrational acts which do more harm than good.

2. The Order will choose its own weapons and the battle-fields on which to fight bigotry and acts which create a false image of the millions of Americans of Italian origin.

3. The efficacy of the Order's campaign has been demonstrated by the results achieved.

Since March 31 of this year several matters of vital interest to the Order have come up and the National Committee on Public Relations has been able to keep on top of developments largely because of the public relations program instituted by Supreme Venerable Gorraso.

There was, for example, the matter of Walter Winchell's remarks in his column of April 3. This was the column in which Winchell made the irresponsible charge that the Kennedy administration was reluctant to appoint anyone of Italian origin to high governmental posts because the men recommended for appointment were closely associated with leaders in the "Big M."

There was a great deal of publicity given to this incident. This resulted in much confusion and misunderstanding. The Order proceeded with a great deal of caution in this matter.

As National Public Relations Chairman this writer consulted Supreme Venerable Gorraso. These consultations resulted in the institution of a series of steps to deal with the problem. Primary object was for the Order to continue its "behind-the-scenes" operations rather than bring the matter out into the open at a time when a delicate balance in negotiations could be upset.

The first move made was to

consult officials of B'nai B'rith's Anti-Defamation League.

Next, a letter was sent to Mr. Richard E. Berlin, president of the Hearst Corp. A copy of this letter and Mr. Berlin's reply will be found on page two of this issue.

This was followed by correspondence with the White House. In a letter to President Kennedy, this writer expressed the Order's concern over the nation-wide reaction to Winchell's column.

A complete record of this correspondence will also be found in this issue of OSIA NEWS.

All this correspondence is being published as a matter of information for our members so that they will know what has been done in their behalf.

Obviously, there will be other matters that will come up between the time this issue goes to press and the August convention. If they do we will continue to do what we have in the past—consult Supreme Venerable Gorraso and then implement whatever policy is laid down for us to follow.

That is the only logical way to do things. And we will make it quite plain again. We do not care one iota what others do in matters like the Winchell incident. The Order has its own way of doing things and no one is going to stampede our organization into acting when it doesn't want to act or moving when it doesn't want to move.

We must never lose sight of the fact that the Order Sons of Italy in America is the largest fraternal organization of its kind in the country and that distinction imposes certain responsibilities on our leadership and our membership as well.

When there is any need for action we will act. But we will do it on our terms and not because of the hysteria of some misguided persons.

RECORDS IN REVIEW

By A. ALFRED MARCELLO

This is the time of the year when the major recording companies usually take a "breather." So there is not much to report in the way of new records.

It's the Summer doldrums over again. But it will be a different story come the Fall. The production line will be back again in high gear and there should be some interesting albums in store for the audiophile.

Yet, the Summer has not been a total loss. There has been some delectable music to reach the dealers' shelves.

London Records, for example, has recorded in stereo Handel's *L'Allegro ed il Penseroso*. There are two discs in this recording with an all-British cast topped by Peter Pears, the tenor, and Helen Watts, contralto.

David Willcocks conducts the Philharmonica of London with Thurston Dart at the harpsichord and organ. The performance has a decided English flavor which may not sit well with some listeners. But there is no denying that it is splendidly done. Peter Pears is tops as is Miss Watts and the others in the cast, namely Elizabeth Harwood, Elsie Morison, Hervey Alan and the St. Anthony Singers.

The sound is of the top-drawer variety. Excellent notes and texts are supplied by London.

Chamber Music

There is a wealth of lovely music in L'Oiseau-Lyre's (London) recording of Mozart's *Divertimento in D Major*, K. 251 and *Divertimento in F Major*, K. 247. It is performed by the English Chamber Orchestra directed by Colin Davis.

Divertimento in D Major, for solo oboe and strings, is probably the most light-hearted music written by Mozart. *Divertimento in F Major* features strings and two horns. Both works are performed with polish by Colin Davis and his chamber ensemble.

Mantovani

No question about it, Mantovani does it again. Play his latest release *Theme From Carnival* and you'll see what we mean. This London recording is beautifully done. It's available in both stereo and monaural. Besides the theme from Broadway's latest hit show, *Carnival*, Mantovani plays music from other hit musicals such as *Fiorello*, *The King and I*, *West Side Story*, *Flower Drum Song*, *The Sound of Music*, *The Most Happy Fella*, *Camelot*, *Do Re Mi*, *The Music Man*, *My Fair Lady* and *Kiss Me Kate*.

By all means add this one to your collection. It's a gem.

Sound Effects

Audio Fidelity has come up with another stimulating recording, *Sound Effects*. It is available in both stereo and monaural. However, this is the sort of thing that lends itself admirably to stereo. Sonic effects from all parts of the world have been collected by Sidney Frey, Audio-Fidelity's top man, and recorded on LP for those who want the unusual in sound.

Audio-Fidelity publicists say the recording has a "you are

Grand Lodges

Elections Highlights of Conventions

The following are election results of five Grand Lodges, including the Women's Division of the Pennsylvania Order:

California

LOS ANGELES, Calif.—Daniel D'Amico of Long Beach was elected Grand Venerable at the 26th California grand convention held at the Biltmore Hotel. He succeeds Ex-Grand Venerable Alfonso J. Zirpoli of San Francisco.

Other officers named were First Assistant Grand Venerable Bruno Giuffrida, San Diego; Second Assistant Grand Venerable Evio Comoli, San Anselmo; Third Assistant Grand Venerable Pat Mastrantonio, San Leandro; Grand Orator Frank Ragone, San Jose; Grand Recording Secretary Vincenzo Melella, San Francisco; Grand Financial Secretary Nina Argento, Boyes Hot Springs; Grand Treasurer Rocco Chiechi, San Francisco; Grand Historian Anthony B. Giordano, Alhambra; Grand Trustees Anthony Pialorsi, Arcata; Miss Evelyn DiPietro, Sparks, Nev.; Mrs. Fay Sola, San Francisco; Joseph Cala, San Jose; Joseph Simile, Modesto; Frank Fraumeni, Long Beach; Justin Tubioli, Los Angeles, and Anacleto Mazzucchi.

At the top of the list for obvious reasons is Basile's newest recording of Italian music—*Accordion di Roma* (volume 2). The haunting beauty of Italian song favorites is recreated with skill by Basile. The selections include Tosell's *Serenata*, *Notte di Napoli*, *Carnival of Venice*, *La Roma Nina*, *La Spagnola*, and *Volo Degli Angeli*. The stereo sound is wonderful.

The other two Basile recordings, also in stereo, are *Berlin With Love* and *Moscow With Love*. The latter album includes some of the more familiar Russian music such as *Two Guitars*, *Russian Sailors Dance*, *Troika*, *Meadowland*, *Lesginka*, and *Bublik*. Delightfully done.

The popular Lili Marlene and Macki Messer (Mack the Knife) are among the lovely German selections to be heard in *Berlin With Love*. Other selections played by Basile and his orchestra are *Trink', Trink', Trink'*, *Auf Wiederseh'n Sweetheart*, *Bel Ami*, and *Ich Spur in Mir*.

You'll want all three of these recordings. They're that good.

Myron Cohen Stories

Myron Cohen is one of the best known comedians in show business today. The Ed Sullivan Show, *Toast of the Town*, perhaps more than any other single factor has made Cohen a byword in the entertainment world. Cohen has made some 28 appearances on the Sullivan program so there can be no denying that he has a following.

We are sure that the celebrated raconteur will add to his following with a recording of some of his most famous stories for Audio Fidelity Records.

It's all good fun. In this recording, Cohen scores with the side-splitting *The Scissors Story*. You probably have heard Cohen recite this yarn on TV; if you have we know you'll want the album for your collection. No one, but no one, can tell a Jewish story like Cohen can. Listen to him recite such stories as *Partners*, *Shortages*, *Boiled Beef* and *Idle Conversation* and you'll understand why Cohen is so popular.

Faith Makes the Difference

By RT. REV. MSGR. GUIDO L. PALLOTTA

A famous author once said: "For those who have Faith, no explanation is necessary; for those who have not Faith, no explanation is possible."

Have you ever discussed religion for hours on end with a non-believer, and after the discussion ended still find yourselves miles apart? His intelligence may be equal, even superior to yours; he may share the same appreciation of the arts and sports as you; you both have everything in common, and you agree on almost everything. But, when it comes to understanding and grasping the fundamental and basic truths and doctrines of religion, he may just as well be an inhabitant of another planet, speaking a strange language.

For instance, he will try to tear apart your convictions about marriage, divorce, birth-control, or your submission to authority of the Church; he cannot understand how an intelligent friend like you can take such a child-like position, which he declares is unjust, or even unnatural. Already he has forgotten the teachings of Christ: "Unless you become as little children, you cannot enter the Kingdom of Heaven." He actually believes that you have allowed yourself to be enslaved by the unreasonable demands of the Church, and nothing you may say will make him change his mind.

Why is this? Why are the believer and the non-believer miles apart? The answer is FAITH. The believer who has the gift of Faith has another light in his soul besides the light of reason. The effect of this gift of Faith enables him to see and accept truths that otherwise would be beyond his grasp and comprehension. The non-believer must rely wholly on his light of reason, on the limited powers of his human mind. That is why, for example, he must accept death as the end of it all, whereas the mind illuminated by Faith sees death as the door to Life Eternal; not the end, but the beginning. Men without Faith are like sheep without a shepherd, "carried about with every wind of doctrine."

The light of Faith does not make the believer brainier or smarter than non-believers. It is no tribute to his cleverness. Faith is a gratuitous gift of God. We cannot buy it; we can only ask for it in prayer. Humble prayer, by which we subject our limited intelligence to Intelligence Itself, this only will bring us Faith. Without this Faith it is impossible to please God; it is impossible to save our souls without it.

Amato, George Montopoli, John DiPolito and Peter Vercetti.

Supreme delegates are Judge Ventiera, Andrew Torregrossa, Grand Orator Martin R. Buccieri, Grand Recording Secretary Vito D. Signorile, Grand Financial Secretary Mrs. Antonetta Vigna, Grand Treasurer Michael Cifone; Grand Trustees: Ralph Stroccia, Mrs. Catherine Bruno, E. Louis Cordanò, Miss Claire Menchini, Dominick M. Alberti, Frank Mascolo, Anthony Salerno, Victor Lezza and Joseph Ardizzone.

GRAND LODGE CONVENTIONS

Massachusetts

Speaker Cites Italy as "True" NATO Partner

CHICOPEE, Mass. — "Italy is a true and tested partner in the great NATO alliance against communism," U.S. Sen. Benjamin A. Smith told more than 400 delegates at the 47th annual convention banquet of the Massachusetts Order.

The Bay State senator said "The Italian Government, despite pressure from the Kremlin, made the courageous decision to install missile bases on its own soil. Those bases are now under construction. Soon they will be ready to defend freedom."

Highlight of the banquet was the presentation of the Republic of Italy's decoration, the "Ordine al Merito della Repubblica," with the rank of "Commendatore," to Supreme Venerable Joseph Gorra of Woburn, Mass.

The award was presented on behalf of the Italian Government by Dr. Alfredo Trinchieri, Italian consul general in Boston.

The honor was conferred on Gorra "for his constant efforts to promote and increase the ties of friendship between Italy and the United States and to keep alive the heritage of Italian tradition and civilization; for his action during and after the last world conflict to assist Italians in America and Italy; and for his achievement in having maintained at such a high level the ideals of the Order of Sons of Italy in America, which he has accomplished in the most effective manner possible."

Following his acceptance remarks, the Supreme Venerable gave an extended talk on the accomplishments of the Order's National Public Relations Committee relative to conducting the campaign "to defend the good name of the Italian people in this country."

Other speakers included Grand Venerable Paul A. D'Agostino, the Rt. Rev. Msgr. Guido L. Pallotta, Revere, Supreme Chaplain; the Rt. Rev. Msgr. Albert A. Jacobbe, East Boston, Grand Chaplain, and Mayor Edward Lysek of Chicopee. Peter E. Donadio, Grand Venerable-elect, was toastmaster.

Among the resolutions adopted by the convention was one lauding Massachusetts Gov. John A. Volpe for signing into law a bill making Columbus Day a full state holiday.

Indiana

FORT WAYNE, Ind. — State Sen. Anthony Q. Calabrese of Cleveland, Grand Venerable of the Ohio Order, was principal speaker at the 5th annual Indiana Grand convention banquet. More than 500 persons attended.

Senator Calabrese spoke of the contributions Italians are making to America and highlighted a number of the Order's accomplishments.

Calabrese also served as installing officer in seating the new Grand Council. He was assisted by Ex-Grand Venerable Peter Sabau.

Gov. Mathew Welch, who was unable to attend the banquet, was represented by State Sen. Eugene Bainbridge. The Rev.

Resolution Asks For Recognition In Public Office

PITTSBURGH, Pa. — Delegates to the Pennsylvania grand convention approved a resolution calling for greater recognition of Americans of Italian origin in public life.

The resolve said in part:

"At this convention, we are of one mind. We intend to assert ourselves to the end that we will be given the opportunity to be of service to our municipality, our state and our country."

Delegates urged "those in responsible position to cast their eye upon those of our descent who have merit for proper and adequate recognition in public office at all levels."

Fr. Camillo Tiribassi said the invocation.

Other banquet highlights included presentation of the Grand Lodge's membership award to Rose Dykes for her work in recruiting the largest number of new members. American flags were presented to each lodge for display at lodge meetings.

An added highlight was the presentation of a check for \$300 to the National Home fund by Venerable Carmine Tamburro of East Chicago Lodge representing the lodge's quota in the drive. It was also announced that Columbus Lodge had contributed its quota of \$300. James Raucci is lodge venerable.

Grand Venerable Sylvester Yaney accepted the contributions on behalf of Dominic Colone, state chairman, who was unable to attend.

Illinois

ROCKFORD, Ill. — Ex-Supreme Venerable George J. Spatuzza was principal speaker at the Illinois grand convention banquet held at the Faust Hotel.

Spatuzza focused his attention on two main points: Communism and Italian Immigration.

He urged delegates to pass a resolution affirming their anti-communistic principles.

"Communism is bent on world domination . . . This strange and ungodly philosophy seeks to deprive man of his God given freedoms; strip him of his dignity, and make him the subject of a Government, headed by a dictator, who surrounds himself by a band of evil men," he said.

He also urged the Order to keep up its fight of discrimination against Italians in the quota system of immigration.

In pointing up the discrimination in the current quota system, he said:

"Under this system, the annual quota is fixed at 156,387. And the law is so devised that over two-thirds of the entire quota is allotted to Western and Northern countries of Europe, and the balance to Southern and Eastern countries of Europe, and to Asia, Africa and the Pacific. I want to know, that out of 156,387, England and Northern Ireland is allotted 65,361, Germany, 25,814, Ireland, 17,756 and Italy only 5,666. Why such a vast difference in the allotment of quotas between Western and Northern countries and Southern and Eastern countries of Europe?"

Calabrese also served as installing officer in seating the new Grand Council. He was assisted by Ex-Grand Venerable Peter Sabau.

Gov. Mathew Welch, who was unable to attend the banquet, was represented by State Sen. Eugene Bainbridge. The Rev.

Illinois Goes Over The Top

The Grand Lodge of Illinois joins the select circle of Grand Lodges that have gone over-the-top in the National Memorial Home fund drive.

Members of the Illinois Order have raised \$7,200, all of which has been remitted to national headquarters, to surpass the state quota of \$7,000.

Thus, Illinois becomes the fourth Grand Lodge to go over-the-top in the nationwide drive to raise \$400,000 for the erection of the proposed National Home in Washington, D. C.

A contribution of \$500 by Emil M. Caliendo of Chicago, past assistant grand venerable, helped put the state over its quota.

Brother Caliendo made the contribution in memory of Leo-

pold Caliendo, a charter member of America Lodge No. 1151.

State Chairman Anthony A. Paterno of Chicago received the assistance of Ex-Supreme Venerable George J. Spatuzza of Chicago, a member of the National Home Committee who is chairman of region 2; Grand Venerable Humphrey W. Serritella and Grand Financial Secretary Mrs. Antonetta Vigna, both of Chicago, in conducting the statewide drive.

The other three Grand Lodges which have met or surpassed their respective state quotas are The Northwest, Maryland and Virginia.

The Northwest Grand Lodge, which has the distinction of being the first to top its quota of \$3,500

has currently raised \$3,914.50 under the chairmanship of Dr. Nicholas Sarro of Seattle, Wash., Supreme Trustee.

Maryland was the second Grand Lodge and it met its quota of \$1,500. State chairman is Marion Nasco of Baltimore.

The Grand Lodge of Virginia, Frank Montagna, of Norfolk, state chairman, has raised \$1,805. Its quota is \$1,500.

submit an accounting of the funds either at the end of the school year or when the funds are exhausted."

On July 10, Supreme Venerable Gorrasi, acting on behalf of the Foundation's board of trustees, instructed Supreme Financial Secretary Americo A. DeMartinis of Philadelphia, financial secretary of the Foundation, to send a check in the amount of \$5,536 to the Institute for the sponsorship of the four students.

FOUNDATION AT WORK

Continued From Page One

bers throughout the country have been concentrating upon raising funds for the Foundation.

"Until now that is all that has been done by the Foundation. We have done nothing in the way of implementing the work of the Foundation, such as the establishment of an exchange student program as was voted at a meeting of the trustees of the Foundation last February at Providence, R. I.

Gorrasi also pointed out that the present action taken by the Foundation was necessitated because of "a recent letter received from the U. S. Internal Revenue notifying us that our petition to have our Foundation approved as a tax-exempt agency has been stayed temporarily."

He said the letter, written by Mr. J. F. Worley, chief of the Exempt Organizations Branch, said in part:

"... It would appear that based on the information furnished that the activities you have engaged in to date are of an organizational nature. Therefore, since your operations so far have not been sufficient to show clearly your method of operation, a ruling relative to your status will not be made at this time."

"If you will submit an application for exemption after you

have actively operated for a sufficient period of time and have made substantial disbursements in furtherance of your stated purposes, further consideration will be given your status."

Cognizant of the contents of the letter Gorrasi said, "If we are to ultimately gain approval from the Internal Revenue Service then we must put our Foundation to work with all speed."

In recent months Supreme Venerable Gorrasi has been in communication with officials of The Institute of International Education.

In a letter dated July 7, the Institute's assistant director of the department of development, Alan H. Jacobs, informed Gorrasi that four students—one American and three Italians—were in need of financial assistance. Mr. Jacobs also sent brief summaries on the four candidates including their financial requirements.

In asking that the Sons of Foundation sponsor the students, Mr. Jacobs letter said in part:

"I sincerely hope that the Order will undertake to sponsor these students and will make a grant to the Institute for this purpose. It is, of course, your prerogative to sponsor fewer than the four students submitted. As I mentioned previously, the students selected by you will be notified of your generosity. The Institute will, naturally,
